## SPARKLING WINES

	<i>Bottle (75cl)</i>	<i>Half Bottle (37.5cl)</i>	<i>Glass (12.5cl)</i>
<b><u>CHAMPAGNE</u></b>			
<b>44</b>	<b><i>Édouard Brun « Blanc de Noirs » Grand Cru Aÿ, Extra Brut, NV</i></b>		
	£111.75	-	-
	<p>This cuvée is exclusively grown in the Grand Cru Village of Aÿ. This new addition to the house range is a celebration of the flagship Pinot Noir grape of the birthplace of Champagne Édouard Brun, established in Aÿ in 1898. This big, spicy food wine becomes approachable after 4 years on lees sur latte, plus another 4 years post disgorgement in the company's cellars. <i>(100% Estate-Grown, Grand-Cru Pinot Noir – 3 g/l dosage)</i></p>		
-	<b><i>Édouard Brun « Club Champagne » Brut, NV</i></b>		
	£44.50	£29.00	£9.25
	<p>Champagne Édouard Brun's "Cuvée Spéciale Brut" (which includes some 1<sup>er</sup> Cru Pinot Noir) became the East India Club Champagne back in June 1994. Thanks to no more than 2 years of ageing on lees sur latte, the playful aromas of orchard fruit and hard candy retain plenty of freshness and zing. That crispness of character will whet one's appetite, making for a Champagne that is best served as an aperitif or at a reception. <i>(60% Pinot Meunier, 20% Pinot Noir, 20% Chardonnay – 10 g/l dosage)</i></p>		
<b><u>ENGLISH QUALITY SPARKLING WINE</u></b>			
<b>80</b>	<b><i>Hambledon « Classic Cuvée Rosé » Brut, NV</i></b>		
	£58.00	-	-
	<p>Hambledon Vineyard is England's oldest commercial vineyard, established by Major General Sir Guy Salisbury-Jones in 1952 with the help of friends at Champagne Pol Roger. This rosé cuvée strangely showcases the finesse of Chardonnay, a grape that thrives on a Côte-des-Blancs-like chalky terroir. 4 years on lees help wrap the citrus-boosted candied strawberry in brioche. <i>(86% Chardonnay, 14% Pinot Noir – 10 g/l dosage)</i></p>		
<b>52</b>	<b><i>Hambledon « Classic Cuvée » Brut, NV</i></b>		
	£54.00	-	-
	<p>Hambledon in Hampshire is the birth place of both cricket and the modern English wine industry. The Champagne-like terroir was replanted with Champagne cultivars by ex-owner Ian Kellett after he bought the estate in 1999. 3 years of ageing on lees yielded rich notes of digestive biscuit, while the salinity and the citrus energy help lift the flower-scented fruit profile. <i>(58% Chardonnay, 23% Pinot Meunier, 18% Pinot Noir – 4.5 g/l dosage)</i></p>		
<b><u>CRÉMANT</u></b>			
<b>36</b>	<b><i>Deux Roches by C&amp;T « Blanc de Blancs » Crémant de Bourgogne, Brut, NV</i></b>		
	£35.00	-	-
	<p>Collovray &amp; Terrier called on a local specialist in the Mâconnais to elaborate this elegant reception wine. This crémant is reminiscent of Champagne Blanc de Blancs thanks to 18 months of ageing on lees. The mousse is creamy, the orchard fruit is delicate and the lively acidity is softened by a warm and comforting autolytic character of buttered brioche. <i>(100% Chardonnay – 6 g/l dosage)</i></p>		

## NEW WORLD WHITE WINES

### USA

- 63** *Andrew Murray « Enchanté » Santa Ynez Valley, California 2020* £52.25  
R. Parker Jr. describes A. Murray as “one of the shining stars in the Santa Barbara firmament”. This rich, yet refreshing blend of Roussanne and Grenache Blanc delivers vibrant minerality and great balance, with notes of juicy melon, pear, marzipan and honey.

### ARGENTINA

- 59** *Matias Riccitelli « Blanco de la Casa » Valle de Uco, 2021* £46.75  
This 40% Sauvignon Blanc, 40% Semillon, 20% Chardonnay blend is grown at very high altitude in cool conditions hence it is so fresh and aromatic. Natural fermentation and 8 months on lees in concrete eggs yield texture and intensity of mineral-boosted flavours.

### SOUTH AFRICA

- 43** *Lismore « Chenin Blanc » The Cape South Coast, 2021* £54.00  
The cool climate of Walker Bay allows Californian winemaker Samantha O’Keefe to produce this understated and classy Chenin Blanc. Its orchard fruit delicately perfumed with orange blossom & jasmine preludes the taut & linear palate through to a racy finish.
- 46** *Uva Mira « The Mira Chardonnay » Helderberg, Stellenbosch, 2020* £49.00  
This gently oaked style from selected Chardonnay grown in the mountain vineyards of the estate displays intense fruit purity and an elegant, creamy texture. The minerally orchard fruit is scented with lime and citrus blossom, plus nuttiness from the lees ageing.
- 81** *Wildeberg « White –Semillon » Franschoek, 2021* £39.00  
This old-vine Semillon is grown in an isolated mountain estate in the south-eastern corner of the Cape’s coastal region. Hand-harvesting, natural-fermentation and gentle maturation in barrel contribute to this wine being a direct expression of its wild terroir; pure energy.
- 33** *Stark-Condé « Field Blend » Jonkershoek Valley, Stellenbosch, 2021* £36.25  
Grapes have been grown in Jan Lui’s field for 350 years. The idea behind this blend, co-fermented and aged on lees in barrel for 8 months, is to balance the textural richness of Roussanne and Viognier together with the lively fruitiness of Chenin Blanc and Verdelho.
- 69** *Coterie by Wildeberg « Chenin Blanc + Grenache » Coastal Region, 2022* £31.50  
This blend of two parts Chenin Blanc from Franschoek and one part Grenache Blanc from Paarl is naturally fermented then aged for 6 months in used demi-muids. The ripe, yet succulent stone fruit is lifted by flowery notes of Jasmine; incredible value for money!

### NEW ZEALAND

- 89** *Churton « Sauvignon Blanc » Waihopai Valley, Marlborough, 2019* £34.00  
This is New-Zealand Sauvignon Blanc but made by an English winemaker in a Sancerre style. Sam Weaver partially ferments this biodynamic wine in oak then ages it on fine lees hence the subtle and layered aromas of passion fruit, pink grapefruit and lemon curd.

## OLD WORLD WHITE WINES

### GREECE

- 45** *Santorini « Wild-ferment Assyrtiko » Gaía, 2022* £68.75  
 This Assyrtiko is naturally fermented in stainless-steel, wooden and enamelled vats then aged on fine lees for 6 months. It is underpinned by a smoky & saline quality of minerality that speaks of the volcanic terroir of an island steeped in time-immemorial wine history.

### AUSTRIA

- 39** *Kremstal, Gebling Erste Lage « Grüner Veltliner » Sepp Moser, 2020* £42.00  
 This biodynamic wine from the steep terraced vineyard of Gebling (one of the most renowned sites in the region) is very mineral and precise. The challenging vintage yielded a broody style of wine with further richness of honeyed peach yet to become fully realised.

### GERMANY

- 53** *Rheinhessen « Riesling Trocken », Seehof, 2022* £32.00  
 It is not easy to make inexpensive Riesling of quality, but Florian Fauth of Seehof in Westhofen manages to produce this fine and exciting example with plenty of ripeness. It is easy-drinking enough to be served on its own and serious enough to be paired with food.

### SPAIN

- 48** *Rias Baixas « Albariño » Valmiñor, 2022* £34.25  
 This elegant style of Albariño, full of mineral-boosted peach and citrus blossom, is the result of the coastal influence from the Atlantic and from the Miño River between which the appellation sits. This flagship cuvée is grown in the estate's own vineyards in O Rosal.

### ITALY

- 83** *Marche « Verdicchio di Matelica », Agricola Tenuta Colpaola, 2021* £33.00  
 The Porcarelli family grows organic-certified grapes and vinifies them with minimal intervention. The resulting wine is crisp and characteristically fresh, with lively citrus notes and delicate white floral nuances, yet the palate is beautifully rich, creamy and complex.

### FRANCE

- 4** *Condrieu « Les Grandes Chaillées » Domaine du Montillet, 2022* £65.75  
 "Les Grandes Chaillées" refers to the stone walls that hold the terraced vines along steep granitic slopes. Stéphane Montez ferments then matures his Viognier in wood hence notes of smoke and bread crust. The vintage delivers concentration & mineral-boosted freshness.
- 82** *Sancerre « Côte de l'Épée », Renaissance Fleuriet Frères, 2021* £55.00  
 This gastronomic cuvée was grown biodynamically by brothers Benoit and Antoine on a terroir of calcareous Terre Blanche. Naturally fermented in stainless-steel tanks then aged in amphorae for 15 months, this classy, chiselled Sauvignon Blanc displays succulent fruit.
- 6** *Arbois « Chardonnay » Domaine Rolet, 2021* £50.25  
 The estate rose to prominence in the 1940s by acquiring prime parcels of old vines within the Jura region. Winemaker Cédric Ducoté strikes a balance between tradition and modernity with this organic Chardonnay made in a Burgundian style; so fine and elegant.
- 79** *Riquewihr « Classic Riesling » Hugel Family, 2022* £39.00  
 The Classic Riesling is Hugel's signature wine. It is made in a style that is rich and opulent, but never to the detriment of finesse and elegance. The ripe peach is energised by mineral-boosted acidity, making it the ideal partner to the smoked salmon from the carving trolley
- 95** *Pays d'Oc « Grands Pendants -Chardonnay » Altagnac by C&T, 2022* £27.50  
 This high-altitude Chardonnay cannot be bottled under the Limoux appellation, for it is not 100% processed in wood. Since part of the wine is reductively made, the rich orchard fruit displays just a hint of vanilla oak and all of its mouthwatering salinity and citrus energy.

WHITE BURGUNDY**2018**

- 96** *Saint-Aubin 1<sup>er</sup> Cru « La Chatenière » Pierre-Yves Colin-Morey* £90.75

This wild and seductive wine is the speciality of Pierre-Yves, a rising star of the Côte de Beaune. It is very powerful and impressive, with a flinty, spicy nose and a huge lemon-infused midpalate. The long, graceful finish has mineral definition & citrus-driven energy.

- 70** *Rully « Les Cailloux » Pierre-Yves Colin-Morey* £55.50

The juicy stone fruit character of this wine is enlivened by a crystalline purity of minerality. The chunks of chalk in the soil, which give the wine its name, are responsible for the citric lift that cuts through the richness, making the palate feel so clean and fresh.

**2019**

- 60** *Chassagne-Montrachet 1<sup>er</sup> Cru « La Maltroie » La Vougeraie* £116.25

This is a late acquisition by one of Burgundy's leading domaines (Boisset's grouping of all the vineyard holdings of their various negociant companies in 1999). The winemaking team turns the fruit of biodynamically grown old vines into a rich and buttery offering.

- 76** *Puligny-Montrachet, Domaine de Montille* £96.00

The class of this village wine comes from its terroir: three vineyard plots along Puligny's slopes, all of them premier cru but one, notoriously declassified decades ago under previous ownership. Etienne's style is more generous and open than that of his forebears.

**2020**

- 74** *Meursault « Les Chevalières » Xavier Monnot* £98.00

The youthfulness of the colour, with its green highlights, is in keeping with the purity of the orchard fruit. The underlying scent of mineral smoke and butter is a perfect prelude to the classic profile of the palate, which unfolds along a chalky, sappy and herby line.

- 35** *Bourgogne « Chardonnay » Pierre-Yves Colin-Morey* £50.00

This bottling demonstrates the importance of producers when it comes to Burgundies; Pierre-Yves makes the most unbelievably good Bourgogne Blanc! The lemon-boosted peach is underpinned by subtle oak spice. The intense, textured flavours linger on and on.

**2021**

- 73** *Chablis 1<sup>er</sup> Cru « Montmains » Samuel Billaud* £90.75

Samuel Billaud launched his own label in 2015, his exacting sustainable approach promising to take him to the top of the league table of producers. The wine has concentration and power, yet its mineral character and tension convey a sense of finesse.

- 34** *Chablis, Jean Dauvissat* £57.50

This terroir-driven wine is made with minimum intervention. Natural fermentation with no oxidative ageing in wood helps bring out the mineral-boosted freshness of fruit. The scent of wild flowers and lemon rind invites one to experience a display of sheer energy.

**2022**

- 7** *Pouilly-Fuissé 1<sup>er</sup> Cru « Les Crays » Deux Roches by C&T* £50.50

Old vines planted at the foot of the Vergisson cliff on iron-rich soils over limestone rock yield this rich, yet fine wine. It is fermented then aged for 11 months in wood barrel hence the sweet spices. The fruit is ripe, yet it displays tartaric freshness and juiciness.

- 13** *Saint-Véran « En Terre Noire » Deux Roches by C&T* £40.00

In Davayé, wine is either fat when grown on clay or lean and minerally when grown on limestone. Here, the limestone-rich vineyard at the bottom of a slope is enriched with humus through erosion hence a luscious fruit lifted by citrus energy and tartaric acidity.

## NEW WORLD RED WINES

### USA

- 38**    *The Fog Monster « Syrah » Santa Lucia Highlands, Napa, 2018*    £104.00  
 Andrea and Chris Mullineux named their US venture after the influence of the Pacific Ocean fog on California's coastal vineyards. By moderating temperatures and sunlight, that fog helps yield wines with both plush fruit concentration and refreshing aromatics.

### CHILE

- 64**    *Emiliana « Novas –Gran Reserva » Colchagua Valley, 2021*    £27.25  
 This organically grown Carmenère, Cabernet Sauvignon blend offers incredible value for money. The grapes are cold macerated and fermented in tanks then aged for a year in stainless-steel and in wood hence the spiced cassis fruit lifted by notes of capsicum.

### ARGENTINA

- 5**    *Matías Riccitelli –Malbec, Uco Valley, Mendoza, 2023*    £36.75  
       *« This Is Not Another Lovely Malbec »*  
 Being grown at high altitude, 50% whole-bunch fermented with natural yeasts and aged in concrete vats, this Malbec is all about fruit. The flower-boosted raspberry & plum fruit is layered with spice and underpinned by mineral notes of graphite; so succulent!

### SOUTH AFRICA

- 8**    *Stark-Condé « Thee Pines –Syrah » Jonkershoek Valley, 2018*    £65.75  
 Little wine is produced from the 22 rows of old vines which form the block 6 of the Oude Nektar vineyard. Some whole-bunch fermentation then 22 months in French oak barrels (40% new) results in a powerful, yet elegant Syrah textured like crushed violets.
- 1**    *Spioenkop « Pinot Noir » Elgin Valley, 2017*    £47.00  
 Koen Roose has been winning awards after awards since 2008. This wine is naturally fermented then aged for ten months on fine lees in barrels, 30% new. Bottled unfiltered, unfiltered and with nothing added, this electric cuvée will appeal to Burgundy drinkers.
- 78**    *Wildeberg « Terroirs –Cinsault » Wellington, 2022*    £34.75  
 Terroirs is Wildeberg's opportunity to showcase the most exciting vineyard blocks in the wider Coastal Region. The first red in the range shows what exceptional level of quality Cinsault can achieve from old, low-yielding bush vines & hands-off winemaking.
- 16**    *Coterie by Wildeberg « Cabernet Franc + Malbec » Coastal Region, 2020*    £28.75  
 This two-parts Cabernet Franc, one-part Malbec blend is hand-selected in Franschoek and Paarl. Natural, whole-bunch fermentation results in a fruit-forward, approachable wine of deceptively serious quality. This expressive delight is juicy, ripe and textured.

### AUSTRALIA

- 9**    *Alpha Box & Dice « Enigma –Barbera » Adelaide Hills, SA, 2021*    £39.00  
 Wine from the Barbera grape of Piemonte is famously tricky to get right. Here, thanks to a fair amount of whole-bunch fermentation with indigenous yeasts and 18 months of maturation in seasoned wood, the wild berry fruit is altogether fresh, juicy & powerful.
- 56**    *Kilikanoon « Prodigal –Grenache » Clare Valley, SA, 2018*    £35.00  
 This is a pure expression of Grenache from dry-grown, low-yielding 70-year-old vines within the Watervale sub-region of the Clare Valley. Maturation in seasoned wood for fifteen months provides softness and elegance to the plush palate; so rich and savoury.

## OLD WORLD RED WINES

### GEORGIA

- 55** *Kakheti, Kisiskhevi « Glenkhuri – Qvevri Saperavi » Teliani Valley, 2021* £40.00  
This deep-coloured, structured, yet moreish wine is grown in Kisiskhevi, a source of low-yielding, concentrated Saperavi. Immaculate whole bunches are selected to ferment for 9 days in an earthenware vat buried underground or Qvevri; a technique as ancient as wine is.

### ITALY

- 27** *Brunello di Montalcino, Conti Costanti, 2018* £114.00  
Brunello is only produced in outstanding vintage years. Since this example is grown at high altitude, it combines power and elegance. The savoury edge of the spiced morello cherry fruit results from extended wood aging; 12 months in French oak then 24 in Slavonian oak.
- 85** *Barbaresco, Bruno Rocca, 2021* £98.75  
This family winery in Nieve produces modernist wines with great intensity of fruit while retaining the structure and elegance of the Langhe at its best. A dark fruit underpinned by cocoa and lifted by rose and violet results from slow fermentation then 12 months in oak.
- 21** *Chianti Classico « Gran Selezione –Poggio Rosso » San Felice, 2015* £65.75  
This single-vineyard Sangiovese displays immense depth and superb elegance. It is produced from selected fruit in limited quantities and exclusively in outstanding vintages. Extended maturation tried to tame the power of a wine that will only improve with time.

### SPAIN

- 14** *Tenerife, Valle de la Orotava « Migan Tinto » Envínate, 2021* £65.75  
The volcanic soils of the Canary Islands and a low-intervention approach to winemaking (including whole-bunch fermentation) yield this very mineral and feral style; light and refreshing, yet with an impressive intensity of dark berry and bitter cherry fruit underpinned by cigar ash and undergrowth.
- 32** *Ribera Sacra « Quinta Toucedo –Pelouro » Atrium Vitis, 2021* £45.50  
The very old Mencía and Brancellao vines yield a wine with incredible concentration. The blend is entirely processed and matured in stainless-steel tanks in order not to compromise its purity with excess vanilla oak. The palate is densely structured, yet very fresh and juicy.
- 50** *Ribera del Duero « Parada de Atauta » Domino de Atauta, 2020* £45.50  
This bottling is from the estate's younger vineyards, planted with low-yielding Tinto Fino (Tempranillo) some 60 years ago. After 12 months in oak barrels, this fine & complex wine expresses the high-altitude, rugged terrain of its origin in the eastern part of the appellation.
- 97** *Valencia, Valle de Ahillas « Ahillas Tinto » Terra d'Art, 2021* £45.50  
This blend of ten flagship grapes of Spain is grown on sandy, gravelly soils at 1000 meters over sea level near the municipality of Chelva. After 12 months in French and American oak, the spiced and aromatic forest fruit ends up being framed by a fine, yet firm structure.
- 87** *Manchuela « Fundamentalista » Finca Sandoval, 2022* £35.75  
Javier Revert's juicy, yet characterful blend of 90-year-old Bobal co-planted with four other indigenous grapes at altitude along the calcareous slopes of the Cuenca mountains is part foot-trodden, part whole-bunch fermented & partially aged in amphora hence its freshness.

### PORTUGAL

- 49** *Alentejo « Foral de Évora Tinto » Cartuxa, 2018* £33.00  
Grapes have been grown on the same Quinta de Valbom site in the Évora region since 1517. Alicante Bouschet, Aragonez (the Tempranillo of Spain) and Trincadeira are fermented in tanks then the wine is aged for a year in mixed barrels; herby, fruity, yummy...

**RED BORDEAUX (Classified Growths)****2009****57** ***Château Clerc Milon, 5<sup>th</sup> Growth, Pauillac*** £102.00

The black fruit, with notes of blackcurrant, black cherry and plum, is underpinned by leather and earthy notes of wet forest floor and mushroom. The dry clove and coffee bean is lifted by mint and eucalyptus. This classic Pauillac is structured and savoury, yet delightfully juicy.

**2010****18** ***Château d'Armailhac 5<sup>th</sup> Growth, Pauillac*** £99.00

The youthful fruit displays great purity and contributes a sense of finesse to the finish of very long length. The scent of worn leather and cigar box and ashtray is lifted by the dampness of moss and the iron edge of mushroom. This very structured wine is a giant in its simplicity.

**58** ***Croix de Beaucaillou (2<sup>nd</sup> Wine of Château Ducru-Beaucaillou) Saint-Julien*** £96.00

The fresh and juicy cassis, blackberry and plum fruit is spiced with tobacco and liquorice and underpinned by a pencil-shaving quality of minerality. Hints of laurel add complexity. The palate is tannic, yet silky-smooth. The long finish is testament to the wine's huge potential.

**67** ***La Dame de Montrose (2<sup>nd</sup> Wine of Château Montrose) Saint-Estèphe*** £88.00

The nose welcomes you with an elegant bouquet of peppery meat juices and integrated oak, with notes of graphite and tobacco leaf. The tannins are dense, yet the flower-boosted cassis, sour cherry and dark plum fruit dances on the tongue, which helps restore a sense of balance.

**2011****93** ***Château Branaire-Ducru, 4<sup>th</sup> Growth, Saint-Julien*** £86.00

The fresh black fruit seems to have been dipped into chocolate. The smokiness of vanilla oak is offset by the saline minerality of liquorice. Some earthiness is freshened up by herbal vegetal notes. The thirst-quenching acidity cuts right through the tannins. Simply charming.

**11** ***Château Langoa Barton, 3<sup>rd</sup> Growth, Saint-Julien*** £86.00

A little aeration will soon unleash the old-school plummy character of this wine, together with its signature scent of damp earth. The palate is freshened up by mint and green pepper. The grippy tannins taste almost like espresso coffee and still muffle the flavours in the finish.

This approachable claret serves up abundant cassis, tobacco and cedar wood. The tannins are soft, the acidity is refreshing and the long finish is full of life and energy. Wine with that sort of structure tends to age well and grow in complexity; a standout offering in that year!

**37** ***Château Patache d'Aux (Cru Bourgeois « Supérieur ») Médoc*** £36.50

**2016****66** ***Gevrey-Chambertin « Vieille Vigne » Jean-Marie Fourier*** £,108.00

This is classic Fourier Gevrey-Chambertin: crunchy red fruit with violet-boosted vibrancy on the one hand and a rustic-like edge on the other hand. That duality derives from extended maceration on the skins prior to the onset of the natural fermentation process.

SOUTHERN RHÔNE

This Grenache-dominated blend is from a vineyard planted by the family back in 1902. It is grown according to biodynamic farming principles. This spicy expression of Grenache is vinified traditionally, except for a little new oak. The wine will only grow in complexity.
- 92** *Châteauneuf-du-Pape « La Part des Anges » R. Usseglio, 2015* £91.25  
The "Angels' Share" is 70% Mourvèdre, 70% of which is aged in new oak. Winemaker Stéphane Usseglio maintains that the sucrosity of the wood sap helps the opulently morish black cherry, myrtle and cassis fruit to open up and last in a crescendo-like finish.
- 41** *Gigondas, Domaine du Clos des Tourelles, 2016* £73.50  
The impressive structure of this Grenache is a reflection of the outstanding quality of the vintage. Ageing the wine in foudres of seasoned wood helped preserve the integrity of the firm tannins, balancing acidity and minerally fruit with layers of spice and garrigue herbs.

LANGUEDOC

- 26** *Faugères « Grand Vin de Ch. de Ciffre » Lorgeril, 2019* £42.00  
The freshness of the nose is lifted by underlying minerality. On the Palate, the tannic structure is dense, yet fine and ripe. The acidity cuts right through the spiced black fruit. Notes of black truffle, clove and pepper give the flavour profile an almost savoury edge.
- 10** *Pays d'Oc « Côté Pierre Lys -Pinot Noir » Altugnac by C&T, 2022* £30.75  
The wind-swept vineyard where this Pinot Noir is grown on schist- and marine-fossil rich soils is the highest vineyard of the estate. The result of cooler conditions and 10 months of ageing in mostly reused oak barrels is this flower-boosted, fruity wine; fine and so moreish.
